---

## SUMMARY

---

Motivated and detail-oriented Information Systems and Technologies student at Bilkent University, with a strong foundation in programming, algorithms, and system design. Experienced in developing full-stack applications using .NET and Nuxt.js to build scalable web solutions. Strong problem-solving mindset with a hands-on approach to technical challenges. Comfortable working in academic and collaborative environments.

## PROFESSIONAL EXPERIENCE

---

### SENEKA - Software Engineer Intern 01/2026 - Present

- **Full-Stack Development:** Currently developing an end-to-end "Personnel Leave Management System" using .NET 9 for the backend and Nuxt.js (Vue.js) for the frontend.
- **DevOps & Workflow:** Streamlined development cycles by containerizing applications with Docker and maintaining rigorous version control via Git.

### Tanoto - ERP & CRM Intern 07/2025 - 08/2025

- Assisted the ERP & CRM department by using SAP to manage business workflows, support data accuracy, and gain hands-on experience in enterprise systems.

## EDUCATION

---

### Bilkent University 08/2022 - Present

B.Sc. in Information Systems and Technologies (50% Scholarship)

- **Relevant Coursework:** Algorithms and Data Structures, Object Oriented Programming, Full Stack Development, Database Systems, Computer Networks, Applied Data Analysis

## PROJECTS

---

### FinTrack | Personal Finance Management Web App 01/2026 - Present

- Developed a full-stack application for tracking income/expenses and managing personal budgets.
- **Tech Stack:** .NET, Node.js, PostgreSQL, Nuxt.js

### Aurelie | Android Lifestyle & Productivity Application 09/2025 - 12/2025

- Engineered a mobile application featuring a daily mood tracking system to help users monitor and analyze their emotional well-being over time.
- **Tech Stack:** Kotlin, MVVM, Room Database

## SKILLS

---

Languages: C#, Kotlin, JavaScript, Python, SQL  
Frameworks/Web: .NET, Nuxt.js, Vue.js, Node.js

Mobile: Android (Kotlin)  
Tools/DB: PostgreSQL, Docker, Git

## ADDITIONAL INFORMATION

---

- **Languages:** English (Advanced - C1)
- **Certifications:** Cisco Networking Academy – 5 Certificates in Networking & IT (Networking Essentials, Cybersecurity Essentials, IoT Fundamentals, Packet Tracer)
- **Interests:** Artificial Intelligence, Cybersecurity, Internet of Things, Computer Algorithms
